PRESIDENT'S MESSAGE

Well the big Meet is all over and everything went great. I would like to tell you all about it, but will be putting in the next newsletter all about the meet with pictures.

I would like to thank all the Charter Members for the nice Plaque they gave me. Also the club for the windbreaker with the club name and everything on it.

We had our election of Officers at the National meet. I would like to thank all of the officers for the good job they did last year and I am looking forward to working with everyone again this year.

The Club has shop Manuals for 1965 thru 1970 Falcons, the manuals are at my home and if anyone needs information write or call me and I will do my best to help them. Please send a SASE when requesting information. The club by-laws did not get changed as we had planned to do. We hope to have them done before too awful long. It was voted that the Board of Directors re-vise the by-laws as needed to be able to form chapters.

If you note the front page of the newsletter, you will see we have made a new change for notifying members of their membership renewal. We will send each member a letter one month prior to when their membership expires.

For those of you who might be planning on the 1981 National Meet. It will be August 14-15, 1981 at Hot Springs, Arkansas. Some of the members have already made plans to attend.

Something else I have noticed, the club has recieved several membership's in the form of gifts. If you have someone you think might like the club, give them a year's membership to the Falcon Club.

I just returned from a fast trip to south Florida this past weekend sorry I didn't get a chance to call some of the members while I was down there. I drove my 67 Falcon and averaged 20.8 MPG. Drove almost 2300 miles and used 1 qt. of oil, I don't think that is too bad for a Car with a 170 cu in, A/C, P/S, P/B, Auto and everything on it.

We now have over 470 Members.

President, Falcon Club of America
Roy E. Sword
